COMPANY RECREATION Fund check for \$500 is presented men of the Sierra Madre Heavy Mortar Company as citizens' farewell gift to the departing National Guardsmen. Mayor William A. Kinney, left, presents check to Captain Sanford M. Ullman, commanding officer of the local unit. Mrs. M. R. Wright, who spearheaded the recreation fund campaign and going-away party, looks on.

Around the Square

Ho hum, guess the pattern never changes. Concerning the possibility of televising meetings of the County Board of Supervisors, a supervisory candidate from the first district commented last week:

"What the public really would be interested in would be a telecast of the secret meetings of the Board to which the public and press are not invited."

It doesn't take much of a memory to recall similar remarks made last March by a candidate to the City Council of Sierra Madre. The candidate was elected and now sits as one of the two newest Councilmen. But Monday night "iron curtain" meetings of the Council continue. We say, again, ho hum.

Apparently, the "dangerous subversive element" in our Kiwanis Club still is at its insidious worst. Ten-cent fines were assessed against members Tuesday who have "delayed" signing their loyalty oaths.

Tut, tut, boys. We know the fines were all in good fun, but what would your visitors think?

We understand several local stores will soon begin staying open Friday evenings. Sounds like a good idea to us.

Controversy Fades as Planners Nix Proposal

Controversy over the proposed rezoning of portions on or near Orange Grove avenue faded last week as one application before the Planning Commission was denied, and one withdrawn.

The Planners Thursday night rejected the application of Ralph M. Jones to rezone approximately 20 acres of his land facing Orange Grove and Lowell from R-1L to R-1. In R-1L zones, lots must measure at least 15,000 square feet.

Mrs. Edward Clinton Young withdrew her application to rezone the north 350 feet of her property at 131 E. Orange Grove. The property, which would have been rezoned from R-1L to R-1, faces on Lowell avenue.

Hearings were set for Sept. 28 and Oct. 26 on Sierra Madre City School's application to rezone 187, 197, and 209 N. Auburn avenue for school purposes. It is on this land that

Party, Cash Show Pride In Guard

Sierra Madreans are proud of their National Guardsmen. They showed it Friday night when virtually every community organization pitched in to make the farewell party-dance a successful, city-wide event.

The party was held at the Masonic Temple and honored men of the Sierra Madre Heavy Mortar Company, members of the 223rd Regiment, 40th Infantry Division, which enters federal service tomorrow, Sept. 1.

The evening was highlighted by the presentation of a check for \$500 and other gifts. The presentation was made by Mayor William A. Kinney, on behalf of his officers and men. Ford M. Ullman, commanding officer, received the gifts on behalf of his officers and men.

Donated by Sierra Madreans, the \$500 will go into the company's recreation fund, to be used for recreational items which will benefit all men of the company.

Mrs. M. R. Wright, who led the citizens committee sponsoring the party and fund, said the coin boxes placed in local stores and offices will be opened tomorrow.

The "tin-can" containers were furnished by the Chamber of Commerce. All money, except that covering the few minor expenses, will be turned over to Captain Ullman at a later date.

When the company is established at camp, the commanding officer will spend what is needed to equip a "day room" for the company. In the Army, a "day room" is the recreational center of each unit. Money would go toward the purchase

of desks and other furniture to make leisure time as comfortable as possible.

Mrs. Wright said organizations and individuals did a "marvelous job" in supplying

STORES, OFFICES TO CLOSE MONDAY

All Sierra Madre stores and offices will close Monday, Sept. 4, in observance of Labor Day. Al E. Morgan, president of the Chamber of Commerce, said he did not think many of the business Saturday to make it a three-day holiday.

Guard Unit Begins Army Duty Friday

Men of the Sierra Madre Heavy Mortar Company, California National Guard, enter federal service tomorrow, Sept. 1.

On Friday, the local Guardsmen become members of the U. S. Army. Their mobilization orders call for transfer to Camp Cooke, California, on or after that day.

Actual date of leaving cannot be published according to Capt. Sanford M. Ullman, commanding officer of the company. It is common knowledge however, that the unit will not leave right away.

On the chance that the Guardsmen will not be in Sierra Madre when next week's edition of the NEWS is published, staff members wish to say now:

"Good luck, and hurry home again."

NEWS OFFICE TO CLOSE MONDAY

The News office will be closed Labor Day, Sept. 4.

Deadline on classified advertising, however, will still be Tuesday, 5 p. m.

Advertisers are urged to get their copy in before the weekend if possible.

City School Pupils Report September 13

All pupils of Sierra Madre City School are to report directly to the school, 141 W. Highland, on the first day of the fall semester, Monday, Sept. 13.

Superintendent Charles A. Skutt said students should register at the main school on that day, regardless of the fact that some will be reassigned to the two auxiliary classrooms later in the week.

Mr. Skutt said the assignments to attend classes at the Community Center, 212 W. Lima, would be given certain grade levels following the registration of all students on Monday.

City Coordinating Council Told Citizens' Role in X-Ray Survey

Success of the Los Angeles County X-Ray Survey in Sierra Madre will depend on how much work is shouldered by citizens of this community, members of the Coordinating Council were told Tuesday night.

Clarence Flood, representing the County Health Department, told the Sierra Madreans that the free chest x-ray machines will come to Sierra Madre and the six other cities of Region 12 beginning Nov. 13.

Twelve x-ray machines will operate in the region the first week; five during the second week. Technicians will accompany and operate each machine, but the job of locating

the machines, publicizing the campaign, and actually getting the citizens to be x-rayed must be left to Sierra Madreans, Mr. Flood said.

He suggested that transportation and even baby-sitting committees could be organized to aid getting all residents

Letter to the Editor

CALIFORNIA NATIONAL GUARD
HEAVY MORTAR CO., 223d INF.

29 August 1950

Editor,
Sierra Madre News

The officers and men of this unit wish to express their deepest appreciation to your paper, and to all organizations and individuals who contributed in any way toward the success of the farewell party given us, and to the Company Fund raised by the Citizens Committee.

Many questions have been asked me as to why the Company Fund should have or need money. Those who have been in the Army, of course, know from experience. The Army supplies the necessities of life to the best of its ability under the varied circumstances under which an Army performs its functions. But the small luxuries that really make life more than barely livable—that make evenings pleasant after a hard day in the field—are supplied by the Army only on a mass basis. This fund will enable us to supply small luxuries on an intimate scale—radios, a company recreation room (Day Room), an occasional party, tools to build other small luxuries, magazine subscriptions, a company library—all these things will be made possible by this Company Fund.

Again, our deepest thanks to you and to all who helped in this community effort.

Sincerely,

SANFORD M. ULLMAN

TOTAL TAX BILL FOR CITY RISES 19 CENTS

VOTER REGISTRATION ENDS SEPT. 16

City Clerk Lawrence B. Brain this week cautioned voters that Saturday, Sept. 16, is the deadline to register for the November 7 state election. Mr. Brain, registrar of voters for Sierra Madre, said residents may register at the City Hall Mondays through Fridays, 9 to 5, and on Saturdays, from 9 to 12 noon.

Supervisors Set General County Tax Rate at \$1.93

Sierra Madre residents this year will pay 19 cents more per \$100 assessed valuation than last year on their property tax bills. Total tax bill for the city was placed at \$6,309 on each \$100 of assessed valuation yesterday as the County Board of Supervisors set the general county tax rate at \$1.93. This is an increase of 33 cents over last year's \$1.60 rate.

Supervisors set the school district rate at \$2.4879—a jump of .0515; Sanitation District No. 15 rate at 22.18 cents—a boost of a fraction of a cent; and the Flood Control District rate at 19.51 cents—an increase of .0039.

In 1949-50, the school district rate was \$2.4364; Sanitation District No. 15 rate was 22.05 cents; and the Flood Control District rate was \$2.4364.

Local VFW In 'Trophy' Softball Tilt

As the NEWS was going to press last night, Sierra Madre's VFW softball team was squaring off for the Pasadena Owl Softball "double A" League Championship game.

The Sierra Madreans, who recently captured the AA-1 League title, were to meet Orban Lumber Company last night to decide ownership of the league trophy. Orban Lumber is winner of the AA-II League.

Last night's game was scheduled for 7:30 at Brookside Park in Pasadena.

Shatto Describes Progress In Water Diversion Project

The next three or four months will be critical ones as far as the City of Sierra Madre is concerned, Harry H. Shatto, city engineer and director of public works, declared Tuesday.

Speaking before the noon luncheon meeting of the Kiwanis Club, Mr. Shatto described progress in the city's water diversion project.

He stressed the importance of completing the project to divert 1500 acre feet of Big Santa Anita water in view of present and future population increases for Sierra Madre.

"The one alternative is for Sierra Madre to join the Metropolitan Water District," Mr. Shatto said. "And there has been strong sentiment in the past against doing that."

Mrs. Florence Peterson, executive secretary of the Sierra Madre Chapter, American Red Cross, said boys and girls will be able to demonstrate what they have learned during their Red Cross-sponsored swimming lessons at the Canyon Pool.

Mrs. Audrey Smith, swimming instructor, emphasized that children from the first three-week courses are invited to participate in the competition tomorrow as well as those enrolled in the current classes.

Parents and friends are invited to attend the event also, Mrs. Smith said. "Play Day" will be held from 9 a. m. to 12 noon.

Each year, the local ARC Chapter presents the "learn-to-swim" campaign as a part of its safety program. Certificates, ranging from qualified beginners to Senior Life Savers, are presented following the campaign.

Clear Dates With Calendar, Groups Urged

Groundwork for the formation of a Community Calendar was accomplished at a meeting of the Coordinating Council Tuesday night.

The various civic organizations represented on the Coordinating Council were asked to see that delegates from their groups be appointed to the calendar committee.

Before setting a date for any event, clear it with the calendar committee, all groups were urged. It is not enough to simply inform Chairman Mrs. Dorothy Murphy after the date already has been set.

Through the calendar committee, date conflicts can be avoided, Milton Goldberg, one of the committee members, said.

Al S. Myers, as co-chairman of the group, will be responsible for making the calendar public, Mr. Goldberg said.

Register Now, Voters Urged

Sierra Madreans are urged to register now for the November election.

Although the voter-registration deadline is not until Sept. 16, residents are asked to sign up as soon as possible to avoid the last minute rush.

Mrs. Marjorie Rizzo, deputy registrar of voters, registered more than 50 persons during the first week she had a table set up in front of the NEWS office.

Mrs. Rizzo will be downtown on Saturday mornings to register voters. She said residents also may register at her home, 161 N. Hermosa, during weekdays.

FREEDOM CRUSADE BROADCAST DUE

California next week will marshal its strength for an all-out educational war on Communism.

As part of a national campaign to rouse Americans to the critical danger from Communism, the Crusade for Freedom will be set in motion on Labor Day, Sept. 4, with a nationwide radio address by Gen. Dwight D. Eisenhower, speaking from Denver, Colorado. The broadcast will be on all networks from 8:15 to 8:30 p. m.

'Sign-up Now,' Urges Disaster Corps Official

City Clerk Lawrence B. Brain this week urged all Sierra Madreans wishing to sign up in the Sierra Madre Disaster Corps "to do so now."

Mr. Brain, speaking in his capacity of executive officer of the City Disaster Council, said registrations in the corps are lagging.

"We know every Sierra Madrean would help out in an actual disaster, but that's not good enough right now," Mr. Brain said. "The city must know in advance just who it can count on."

He said the various talents, types of experience, and actual availability of residents cannot be accurately learned in any other way except by their filling out application blanks.

By last Saturday, only 16 filled-in application blanks had

been received by Mr. Brain. That figure, however, does not include city employees and members of the Volunteer Fire Department, Mr. Brain said.

Application blanks are available at the City Clerk's office in the City Hall.

Next regular meeting of the Disaster Council (department heads, not Disaster Corps personnel) is scheduled for Wednesday, Sept. 6.

Officer Refutes Low-Pay 'Answer'

Resigning Police Officer Daniel J. Rauscher this week refuted the City Council's "prepared answer" to his charge that the city offers its policemen "low pay, lack of security, and long hours."

In a letter sent this week to the City Council, Officer Rauscher declared:

"The Councilman (Noren Eaton) was trying to cloud the issue by quoting statistics based on cities throughout the United States."

(In commenting on Mr. Rauscher's letter of resignation last Tuesday night, Councilman Eaton cited figures to show that Sierra Madre's wage and work week scales were not "too far out of line with other cities of comparable size.")

"Since I am resigning," the police officer said this Tuesday, "I can express my views on what the Council should adopt in the way of wages and working hours."

"All we ask is an average of what other cities under 10,000 population in Los Angeles County get," he said.

The Police Department con-

ducted an informal survey of the 10 county cities below 10,000 population in July of 1949. Mr. Rauscher said he did not think the Council ever has seen this survey.

In the survey, the following cities were considered: El Monte, El Segundo, Signal Hill, Azusa, Claremont, Covina, Glendora, La Verne, West Covina, and Sierra Madre. Only two cities—El Monte and Azusa—are larger than Sierra Madre.

With the exception of La Verne (half the population of this city), the pay scale of Sierra Madre is the lowest in

A total 210 boys and girls took part in Sierra Madre's second annual Day Camp which ended last Friday evening.

City Recreation Director Samuel E. McElfresh reported this week that up to 125 youngsters attended sessions of the first one-week camp which ended Aug. 18, and up to 85 older children took part in the second camp.

Activities during both camps included craft work, hiking, seeing motion pictures, games, excursions, educational talks, nature study, and miscellaneous special events.

Mr. McElfresh praised the work of volunteer helpers in making the camps successful.

St. Rita's senior softball team is setting the pace in the city's Twilight Softball League, Recreation Director Samuel E. McElfresh announced this week.

Boys' Christian League currently is in second place with two wins.

Frank Salvetti, 45 E. Highland, was granted permission to transfer 13 feet of his 130-foot lot to another lot immediately to the east.

The application of Romaine Hogan, 219 Ranch Road, to split his 160 by 205 foot lot into a lot 90 foot by 205, and one 70-foot by 205 was held over until the next meeting of the Planning Commission. The commissioners said they need additional information before coming to a decision.

Approval was given Mrs. H. E. Dewey of 50 Rancho Road to split her property (240 by 220 feet) into two 70-foot lots.

Harry E. Morley obtained permission to sell the west 60 feet of his west lot located at 400 E. Ramona.

The Planners denied the application of Oscar W. Paegel to split his property at 496 W. Sierra Madre boulevard into two lots. The proposal was rejected because Mr. Paegel does not have sufficient square footage.

VA EXPLAINS GI BILL EXTENSION

A recent Veterans Administration extension of the July 25, 1951, cut-off date for resuming GI Bill training applies only to veterans who already started their studies and are prevented from going on with them by reason of their return to active military duty.

But, VA said, the extension does not apply to those veterans who had never had a GI Bill training at the time they re-entered active service. For them, the July 25, 1951, date still holds.

C. A. Skutts Return to City

School Superintendent Charles A. Skutts, Mrs. Skutts, and youngsters, Roger and Linda, returned to Sierra Madre last week following their three-week vacation trip north.

The Skutts motored to Vancouver, B. C., then journeyed by ship to Prince Rupert. The Sierra Madrans returned to this city by the inland route.

Woman Gives 'Definition' of Various 'isms'

With the world becoming "ism" conscious, many people are not sure of the various distinctions.

Mrs. J. Andrew Hall, 611 W. Grandview, offers this simple breakdown which was published first in the London Sunday Express:

The difference between the "isms."

Suppose you have to cows.

Then, under:

SOCIALISM you give one to your neighbor;

COMMUNISM you give both to the government and the government gives you some milk;

FACISM you keep the cows and give the milk to the government then the government sells you some milk;

NEW DEALISM you shoot one cow and milk the other—then pour the milk down the drain;

NAZISM the government shoots you and keeps the cows;

CAPITALISM you sell one and buy a bull.

Naval Reserve Calls Colbert

QM-S 3/c Eugene Colbert of the Naval Reserve, last week was ordered to return to duty with the U. S. Navy, Sept. 6.

He served 22 months overseas during his three year, two month tour of duty in World War II, and saw active service on a patrol craft, destroyer-tender and fleet tug.

Since returning to Sierra Madre, Eugene has been active in the VFW and Boy Scout work.

Mr. Colbert has been one of the few local youths of his age to actively participate in civic affairs. He has served as a representative on the Community Coordinating Council and frequently attends meetings of the City Council.

Executive Committee Planning 1950 Community Fund Drive

Plans are going ahead this week for Sierra Madre's Community Fund Drive—this city's equivalent to Community Chest campaigns in other cities.

The local drive is scheduled tentatively for the last week October, beginning Oct. 23.

After extensive study by the Kiwanis Club, sponsors of the drive in Sierra Madre, it was decided not to join the Community Chest. A completely localized campaign, it was felt, would provide a more lasting benefit to local organizations.

1950 Chairman of the drive will be John Conzelman, a Kiwanian who has been active in civic affairs for several years. In 1949 Mr. Conzelman was president of the Coordinating Council.

"What we want every Sierra Madrean to realize this year," Mr. Conzelman said this week, "is the importance of making his donation locally—in Sierra Madre."

"Many residents work out of town and are asked to donate where they are employed," he said. "We want all Sierra Ma-

dreams to give first in Sierra Madre."

Other chairmen of the Community Fund Drive Executive Committee are Frank Spencer, auditing committee; Roy Pickett, collections committee; David Allen, finance committee; Eugene Lunsford, service committee; and Dr. Milton Valois, publicity committee.

Mrs. G. Ruwet Passes Away

Funeral services were conducted Tuesday, Aug. 29, for Mrs. Gretchen V. Ruwet of Temple City, who passed away Monday in a Pasadena hospital after a brief illness.

She is survived by her husband, Allan Ruwet; two daughters, Bonnie and Susan; her mother, Mrs. Minnie D. Vanderslice, all of Temple City.

Mrs. Ruwet's sister is Mrs. Harriet Merritt of Sierra Madre. A brother, Dobler Vanderslice of Madison, Ohio, also survives Mrs. Ruwet.

The Rev. Joseph Larsen officiated at the Tuesday afternoon rites conducted at Grant Chapel. Committal was private at Pasadena Mausoleum.

Crown City Educators at School Confab

Meeting this week at Arrowhead Springs Hotel are 70 members of the administrative and supervisory staffs of the 32 schools in the Pasadena School District.

In planning for the coming school year, school officials will discuss six problems:

1. How can the school system do the best job possible in teaching the "three R's?"
2. What is good discipline for our American way of life and how can it best be attained?
3. How can the schools be most effective in teaching American ideals?

FIRE FLAMES

There have not been too many summers with quite such a long spell of continuous dry heat. Not that we remember. You could nearly always assume that after a few days there would be some sort of dampness. Not complaining—you must remember, just reminding you that dry spells mean fire danger.

There would be no sense in complaining of such wonderful weather as we enjoy here. In the sun throughout the day it's rather hot, but at night, glorious. Despite the great weather, we don't want fires to start.

A recent fire that gave the appearance of great disaster was soon extinguished. This fire was not reported until flame had consumed much of the buildings.

An early arrival of the fire truck driven by Ralph Twedell kept the fire from spreading. The attraction of the high flare in the sky brought out many more than the usual abundant number of spectators. Sierra Madre boulevard would have been a most difficult location to place a fire truck in case of fire there.

Residents once more are urged to keep a safe distance from the location of a fire. If the trucks are at the scene, there always are a number of fire fighters that need to get in.

Help is always welcome, but it is much preferred that the men who are acquainted with the equipment be given the first chance.

You are not insured against accident unless you have been requested to help by one of the officers of the Fire Department. In and around a fire without request by an official relieves any one of a responsibility if you are hurt or killed.

Fire fighters may look dumb—but at least they use the equipment and know a little about it.

Fire raging in other sections of the county must remind us that, if we are to avoid them here, we will have to use caution. We can't leave an open fire and expect to keep fires from Sierra Madre. Fires always start from an unexpected source.

After having been burning in the open for years and years does not mean that it is safe to continue such an operation. One fire may be the holocaust that will destroy Sierra Madre's beauty. This fire can be started by permitting a spark to soar from one backyard to another. Both parties in such a case would be responsible.

If we but remember that a simmering leaf can easily lead to another larger leaf and then to something more susceptible to fire and so on. FIRE, FIRE, FIRE! Let's make that a rare call here.

We can do it. We have so many less than other places that we could, if we tried, just about eliminate fires from the news.

There are many fire prevention measures to practice. That one about the children playing with matches remains the number one fire starter. And then there is that one that tells the story of the people who smoke while in bed. Boy, that's a killer and is giving the match-playing kids a run for first place. And a lot of these people who have burned to death in their own beds were

Speaker Tells Experiences in 'Holy Land'

"A Year in the Holy Land," was described at last Thursday night's meeting of the Sierra Madre Lions Club. Speaker of the evening was the Rev. Forest Eisenbise of the American Friends Service Committee.

Local Newspapermen Hear Virgil Pinckley

Three Sierra Madreans attended the summer dinner-meeting of the Los Angeles professional chapter of Sigma Delta Chi, American Institute of Journalists, held Wednesday, Aug. 23, at the Greater Los Angeles Press Club.

The three local citizens were Lee Shippey, LA Times columnist; Arthur Hewitt, LA Herald-Express reporter and former editor of the NEWS; and Stanley Cann, editor of the NEWS.

Speaker of the evening was another Sierra Madrean, Virgil Pinckley, who is publisher of the LA Mirror. Mr. Pinckley described his recent tour of Europe.

rather intelligent, just thought they were a little different, that's all.

If any of us remember how many times we have fallen asleep while reading or otherwise, we will realize the danger of being in bed with a cigarette. That cigarette will drop into the bedding, simmer through to the mattress, create smoke, overcome the sleeper, slight draft promote blaze and—well it's horrible to the imagination. DON'T SMOKE IN BED!

Raiders Earn 11th Victory; Edge Stubborn Cafe Team

Maysa Dixon Stars With Homer, Three Stolen Bases

Hanging up their 11th win in 17 starts, the Sierra Madre VFW Raiders edged out a stubborn Ardis and Way Cafe team Sunday afternoon, 9 to 8. The victory was the 9th in the last 11 games.

Big gun all the way was Maysa Dixon, Raider catcher and left fielder, who clinched the game in the eighth inning with a two-run homer. In the seventh frame, Dixon demonstrated his speed and clever base running by stealing second base, third base, and then home.

Catcher Howie Nielson's two doubles in the seventh and eighth innings greatly aided the local cause also. The visitors' big innings—the second and fifth—were brought about by three expensive errors by Raiders. The six resulting runs were largely unearned.

Ardis and Way Cafe outlived the local veterans, 14 to 12. Stueve pitched the entire game for the Raiders.

According to VFW Manager Larry Shepherd, the visitors were rated as a tough club to beat in pre-game speculation. Next Sunday's game is with Southwest Merchants of Los Angeles—and again the visitors will be pre-game favorites. The game begins at 2 p. m. at the city ball park.

Be Careful Over Holiday, Drivers Told

In the name of humanity, decency, and common sense, drive carefully during the Labor Day weekend, the California Highway Patrol appealed to all motorists this week.

The holiday, traditionally the windup of the summer season, may bring the season's heaviest toll of death and tragedy unless all motorists are willing to accept personal responsibility for their own safety, the Patrol declared. The following rules were suggested:

1. Be extra careful; 2. Don't drive too fast; 3. Don't take chances; and 4. Don't drive for long periods without resting.

Among the missing items were a radio, a dash-board cigarette lighter, and two sun visors. Her car had been unlocked. Mrs. Smith said the hub caps of another car parked near hers had been stolen also, but police have received no theft report on this.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES HEREBY DETERMINE, ORDER AND RESOLVE AS FOLLOWS:

WHEREAS, pursuant to the provisions of the "Annexation of Uninhabited Territory Act of 1939", this Council hereby finds and determines that the public interest and convenience require, and it is the desire and intention of the City Council of the City of Sierra Madre, to annex to and incorporate within the boundaries of the City of Sierra Madre that certain uninhabited territory in the City of Arcadia, County of Los Angeles, State of California, contiguous to the boundaries of the City of Sierra Madre, and hereinafter more particularly described, for the following reasons:

(a) Said territory is a part of a new and unrecorded subdivision, known and referred to as Tract No. 15709, the bulk of which is within the present and existing boundaries of the City of Sierra Madre and the remaining portion thereof within the City of Arcadia; that on account of the hilly and precluded nature of the lands in said subdivision it is impracticable for the subdivisor to conform to such boundaries to the end that each of the lots or parcels of land in said subdivision will be wholly within one of such cities;

(b) That in the opinion of this Council, it is desirable that a portion of such proposed subdivision, now within the boundaries of the City of Arcadia, be annexed to the City of Sierra Madre so that no confusion or difficulty will arise in the future from the standpoints of taxation, street lighting and maintenance, sewers, water and other municipal services, since the annexation to the City of Sierra Madre herein proposed of the aforementioned territory will result in a new boundary line between the respective cities along the rear lot lines of the several lots or parcels of land herein described.

Said territory consists of a certain parcel of land bounded on the West by certain property in the City of Sierra Madre, and is more particularly described as follows, to wit:

Those portions of the Southwest one-quarter of Section 15, Township 1 North, Range 11 West, S. B. & M., and of Tract No. 13367, as shown on map recorded in Book 313, Pages 6, 7, and 8, of Maps, and of Tract No. 10725, as shown on map recorded in Book 323, Pages 42 and 43, of Maps, all being Records of Los Angeles County and all lying within the boundaries of the City of Arcadia, County of Los Angeles, State of California, described as follows:

Beginning at the angle point in the Southerly Boundary Line of the City of Sierra Madre, County of Los Angeles, State of California, as it now exists and as shown on map of said Tract No. 13367, thence North 0°08'25" West, along the Easterly Boundary Line of said City of Sierra Madre and shown on map of said Tract No. 13367, 747.22 feet; thence South 31°56'51" East, 238.80 feet; thence South 21°30'00" East, 210.00 feet; thence South 1°30'00" West, 140.00 feet; thence South 14°05'52" West, 193.05 feet to the intersection with the Northerly line of Grandview Avenue (60.00 feet in width) as shown on map of Tract 10725, above-mentioned; thence South 12°46'55" West, 55.00 feet; thence Westerly along a curve, concave to the South and having a radius of 1375.00 feet, 85.06 feet to the beginning of a compound curve concave to the South and having a radius of 1075.00 feet; thence Westerly along said curve, 186.49 feet to its tangent to the Northerly line of said Southerly Boundary Line of said City of Sierra Madre; thence North 89°19'50" East, along the said Southerly Boundary Line of said City of Sierra Madre, 129.97 feet to the point of beginning.

NOW, THEREFORE, BE IT RESOLVED:

SECTION 1. That pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939" (Stats. 1939 Ch. 297), as amended, this City Council hereby initiates these proceedings for, and gives notice of, said proposed annexation of the aforementioned uninhabited territory, described herein, to the City of Sierra Madre.

SECTION 2. Said territory is hereby designated for the purpose of identification as "Santa Anita Annexation".

SECTION 3. The City Council hereby gives notice of and fixes the 12th day of September, 1950, at the hour of 8:00 o'clock P. M. of said day, in the Council Chambers in the City Hall of the City of Sierra Madre, as the day, hour and place when and where any and all persons owning any real property within said territory so proposed to be annexed, and having any objections to the proposed annexation, may appear before said City Council and show cause why said territory should not be so annexed to the City of Sierra Madre.

SECTION 4. The City Clerk shall certify to the adoption of this Resolution and shall cause the same to be published once a week for two successive weeks prior to said hearing on September 12, 1950, in the Sierra Madre News, a newspaper of general circulation published and circulated in the City of Sierra Madre, and hereby designated for that purpose.

SECTION 5. The City Clerk shall certify to the adoption of this Resolution.

I HEREBY CERTIFY that the foregoing Resolution was adopted at a regular meeting of the City Council of the City of Sierra Madre, held on the 8th day of August, 1950, by the affirmative vote of at least three Councilmen, to wit:

AYES: Councilmen Eaton, Black, Barter and Kinney,

44 NORTH BALDWIN

Within this loop some of California's most engaging and typical history was made—mining, political feuds and Indian difficulties. In addition to its historical importance, the area abounds with beautiful scenery and motorists who take this drive during the Fall months will be afforded the added pleasure of viewing the wooded forests in their most colorful clothing.

● The discovery of gold and oil in Kern County brought to Bakersfield the color and vigor of the earlier Mother Lode boom days and all of the roughness and toughness of unrestricted camp life was assumed. Today, however, this great metropolis is an important oil-producing and refining center as well as agricultural trade headquarters for the rich San Joaquin Valley...

● About 13 miles from Woody, the road winds through pine forests and mountain glens and the slopes here are covered with great oaks and a profusion of buckeye. Greenhorn Mountain Park is an ideal picnic or camping area and from nearby Alta Sierra one may see in the distance the north and south forks of the Kern River, Walker Pass and several lofty mountain peaks. Center photo shows roadway leading out of mountain area...

● A visit to California Hot Springs affords an interesting side trip if time allows. This is one of the oldest of such resorts in the State and the landscaping hereabouts is strikingly scenic...

● Kernville, a beautiful little town with giant cottonwoods lining its main street, came to life as Whiskey Flat during the 1853 gold rush. The community still busies itself with mining on a small scale and maintains its characteristically "western" appearance which serves as a magnet to draw motion picture companies on location...

● From Kernville, the highway parallels the beautiful Kern River (top photo), passing through such towns as Isabella, Bodfish and Havilah. These were important mining camps during the boom days. Isabella, particularly, is worth a visit as it was here that native Tubatulabal Indians left petroglyphs and paintings on the rocks near the river. These signs are so unique that even Smithsonian Institution officials were baffled. Lower photo shows water-fall near Havilah.

Seven Streets Get 'Coats'

To date, seven Sierra Madre streets have received "seal-coating" treatments in the city's current repair program of secondary streets.

Director of Public Works Harry H. Shatto said the streets treated so far are Orange Grove, Carter, San Gabriel Court, Alegria, Canyon, South Sunnyside and Sturtevant Dr.

Olive and Mira Monte are scheduled for work on Friday, he said.

Mr. Shatto explained that "seal-coating" does not constitute major construction. Instead, the oil treatment is intended only to prevent the pavement from breaking up and eliminate minor irregularities.

The oil serves to "live up" the streets and to maintain flexible surfaces, he said.

Mr. Shatto pointed out that cost of seal-coating the six streets has averaged from 3 cents to 6 cents a square yard. Average private bid for the job, he said, was 9 cents.

Basic Style Of PE Depot Will Remain

Structural characteristics of the old PE Depot will be retained if and when the Chamber of Commerce converts it into a city art gallery, it was decided last week.

At a meeting of the Chamber's committee to plan the gallery, members aired preliminary ideas on how best to handle the project. Chambermen hope to begin reconstruction of the depot in October, when Pacific Electric is tentatively scheduled to end rail service here and turn the station building over to the city.

Jacques Hahn, one of the members of the five-man committee, will be in charge of landscaping plans for the gallery site. Another member, Alfred James Dewey, will be in charge of exterior and interior decorating and designing of the gallery. Other members of the committee are Manuel de la Torre, Carl Hansen, and Mayor William A. Kinney.

Al Myers, Chamber secretary, said preliminary sketches of the proposed conversion will be completed soon.

EDISON FINISHES MONROVIA OFFICE

Southern California Edison Company's new Monrovia commercial office at 134 W. Lime avenue, will be completed Sept. 5, according to C. O. Wedberg, Edison Company district manager. It will replace the company's former office at 415 S. Myrtle avenue.

Built at an approximate cost of \$180,000, the new office contains the most modern facilities available and will provide increased comfort and convenience for employees and customers alike, Mr. Wedberg said.

STATE FAIR OPENS TODAY

With a great program of free entertainment, outstanding exhibits, and countless other attractions arranged for the thousands of visitors, the California State Fair in Sacramento opens today, Aug. 31, for an 11-day run.

The State fair this year offers more than ever before for the low admission price of 50 cents, including federal tax. Thirty-five counties, eight foreign nations, and the wines industries will have exhibits in the agricultural building. Flag of the United Nations Organization is flying over the fair this year to remind visitors of the role of the UNO plays in world affairs.

Better to be late than never—drive carefully!
